

# Accurate Diagnosis of Hepatitis Virus with PCR Testing

## Hepatitis C Virus (HCV) Quantitative PCR

@ ₹ 6930/-

### Significance

The test measures the amount of HCV RNA--the genetic material of the virus in the blood, providing a quantitative assessment of the viral load. This test is used to diagnose an active Hepatitis C infection and to monitor the effectiveness of antiviral treatments.

First National Diagnostic Chain  
to have **100%** of its Labs with
