

Track How Effectively Your Body Can Manage and Control Sugar

Significance

The Insulin Indices test helps measure how your body is producing and using insulin, the hormone that controls blood sugar levels. It is often used to check for insulin resistance, prediabetes, or diabetes risk. By looking at different markers related to insulin and glucose, the test gives a clearer picture of how well your body manages sugar and energy.

Insulin Indices (4 Parameters)

@ ₹700/-

- Fasting Blood Sugar(Glucose)
- Homa Insulin Resistance Index
- Insulin - Fasting
- Quantitative Insulin Sensitivity Index

First National Diagnostic Chain to have **100%** of its Labs with **NABL Accreditation**#

CAP From 2007

Trust that Thyrocare reports are **Accurate & Reliable***

Reports are released within an average **TAT of ~3.5 hours** of samples reaching the lab

*#As on 5th December 2024 | *As per a survey on doctors' perception of laboratory diagnostics (IJARIIT, 2023)*
