Monitor the Effectiveness of Methotrexate Against

✓Cancer

✓Autoimmune Diseases

✓Arthritis

Significance

The Methotrexate Test measures the amount of methotrexate to monitor and manage patients receiving this medication, especially for cancer or autoimmune diseases like rheumatoid arthritis. Since methotrexate can be toxic at high levels and low levels can reduce the drug's effectiveness. Doctors use this test to closely monitor and adjust the dosage for optimal results and patient safety.
