Inhalant

The allergy trigger is in the AIR
Catch it in time!

With our In-House
Inhalant Allergy Tests (By ELISA)

Significance

The Allergy Hair Dye (By ELISA) test checks whether your body is allergic to chemicals present in hair dyes by measuring specific IgE antibodies using ELISA technology. Common symptoms may include scalp itching, redness, burning sensation, swelling of the scalp or forehead, skin rashes around the hairline, watery or itchy eyes, sneezing and breathing difficulty after using hair dye.
