Inhalant

The allergy trigger is in the AIR
Catch it in time!

With our In-House
Inhalant Allergy Tests (By ELISA)

Significance

The Allergy Mosquito (By ELISA) test checks whether your body is allergic to mosquitoes by measuring specific IgE antibodies using ELISA technology. Common symptoms may include intense itching, redness, large swelling at the bite site, warmth, pain, skin rashes, hives, blister formation, or in rare cases, fever and breathing difficulty.
