Veg

The Allergy Triggers May Be on the Plate, Know it in Time!

With Our In-House Allergy Food Veg Tests (By ELISA)

Significance

The Allergy Saffron (By ELISA) test checks whether your body is allergic to saffron by measuring specific IgE antibodies using ELISA technology. Common symptoms may include itching or burning sensations in the mouth, skin rashes, hives, swelling of the lips or face, abdominal pain, nausea, vomiting, diarrhea, nasal congestion, wheezing, breathing difficulty, chest tightness, or in severe cases, anaphylaxis after consuming saffron or saffron-containing foods.
